

EXECUTIVE PITCH & STRATEGY PLAYBOOK

Target Client: Dr. Deep B. Parekh & Dr. Charmi D. Parekh | Mom & Me Clinic (Ghatkopar East, Mumbai)

1. The 30-Second Icebreaker Opener

Hand the doctor your smartphone showing his live platform.

Script: "Doctor Parekh, take a look at this. Notice right here at the top banner how the clinic's operating hours automatically calculate in real-time? If a mother checks at 11 AM, it displays '**Open Now — Morning Session until 1:30 PM**'. If she checks at 3 PM, it shows '**Evening Session Opens at 5:00 PM**'.

Parents in Ghatkopar don't want static websites or Practo pages with ads for competitor doctors. They want instant clarity, direct WhatsApp booking, and tools that help their children. We built this exclusive digital platform specifically for Mom & Me Clinic."

2. The 4-Click Interactive Demo Flow

6. Word-for-Word Objection Handling

Objection: "We already have a profile on Practo and Justdial."

Response: "Doctor, Practo is like renting a room in a crowded mall right next to 15 competitor pediatricians. When a parent views your Practo profile, Practo shows ads for other doctors! This platform is digital real estate you own 100% — zero ads, zero competitors, direct WhatsApp connection to your desk."

Objection: "Most of our patients come through word of mouth."

Response: "Word of mouth is your greatest asset. But today, when a happy parent recommends Dr. Deep Parekh to their neighbor, that neighbor immediately Googles your name on her smartphone. If she finds an outdated page, she hesitates. When she finds this high-tech platform with WHO growth checkers, her trust is locked in instantly."

7. Creator's Quality Guarantee

"Doctor, I hold my work to an uncompromising standard — no generic templates and zero cut corners. Every tool and line of code in this system is engineered for medical authenticity, top performance, and real patient trust. You care for the children; I safeguard your reputation online."
